California State Assembly

Dear Friends,

Fires, floods, mudslides and earthquakes—at times—have wreaked havoc across California, causing many citizens to lose their homes and even their loved ones. Emergencies can happen at any time.

It is important to be prepared in a disaster so that injuries and loss of life are minimal.

Do you know what to do or have a plan in case of an emergency? Fire, police and emergency medical services may be delayed in responding. Being prepared will help you take care of yourself, your family and your community.

Please take a few minutes to review some of the ways you and your family can be prepared in case there is an emergency.

Thank you.
